

Creating Homes, Building Community Yes in God's Back Yard (YIGBY)

H.2347/S.1430 — Rep. Vargas & Sen. Crighton

Massachusetts needs 222,000 new homes by 2035.

There are nearly 2,000 parcels owned by faith-based organizations¹ that can support development of the homes that people, our communities, and the Commonwealth need to thrive.

An Act to promote Yes In God's Back Yard (YIGBY) would allow the creation of multi-family housing by right on parcels owned by faith-based organizations. This would give Massachusetts an important tool to build the homes we need.

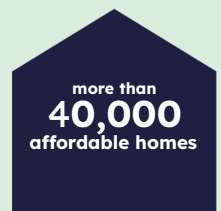

¹ Federally or state-recognized nonprofit religious organizations, including affiliates and land-holding trusts.
